ELECTRIC CEILING FANS AND HOT WATER BOILERS.

Attention is drawn to this office Notification, dated 20th November 1939, inviting tenders for the above work, published in Part VI, pages 2359-2360 of the *Mysore Gazette*, dated 23rd November 1939. The last date of receiving tenders is 10th December 1939.

M. HAYATH,
For *Chief Electrical Engineer.*

OFFICE OF THE SUPERINTENDENT, POWER AND LIGHTING, MYSORE.

Notification dated 7th November 1939.

1. Sealed tenders in triplicate will be received at the office of the Superintendent, Power and Lighting, Mysore, superscribed with the name of the work noted below.

2. A sum of Rs. 40 (Rupees forty) only is required to be sent along with the tender in cash or currency, being the earnest deposit. Tenders not accompanied with the said deposit will not be accepted.

3. The plans connected with the work may be seen at the office of the undersigned at all working hours. The same will be made available on payment of Rs. 3 per set.

4. The tenders should be drawn up strictly in conformity with the specifications furnished writing out the rate at which each item of work will be executed in figures as well as in words, failing which no cognisance will be taken of the tender. No items other than those noted in the statement should be included, as the items cover provision for all sundries that are necessary for the execution of the work to meet with the requirements of the department including necessary repairs, painting the exterior of the casing to suit the colour wash.

5. Materials to be used on the work should be of best quality conforming to the specification of this department and B.S. or A.E.E.E. specifications. Mention should also be made of the manufacture and the catalogue numbers of the materials offered. Teakwood planks to be used on the work should be free from knots, cracks and should be well seasoned. No planks less than 12″ in width will be permitted to be used unless it is to make up the difference in size of the board required. Only lap joints should be adopted in all cases.

6. The undersigned reserves the right to reject the tenders without assigning any reason therefor.

7. The successful tenderer will be required to execute an agreement within two days from the date of communication of acceptance of the tender. He should send samples of all the materials required for the work mounted on a board and start the work after obtaining the approval of the undersigned with regard to the same within a week, from the date of communication of acceptance. Failure to adhere to the conditions above will entail forfeiture of the earnest deposit and adoption of such measures as are necessary for expediting the work otherwise entirely at his risk. He should also bind himself to execute the work strictly adhering to the wiring rules of this Department as well as those of I.E.E. He should also be prepared to adopt changes in the location of lighting fixtures, control points, etc., that might be desired by the undersigned during the progress of the work without any obligation, if the tender is not materially affected thereby. It should also be noted that control switches, wall plugs, etc., should be grouped wherever necessary and located as far as possible in inconspicuous places.

8. The undersigned reserves the right to reject the work either in full or in part if the same is not executed according to above specifications or is not satisfactory as regards workmanship.

9. *Name of the work.*—Installing call indicator at the Pantry adjoining the Dining room in the first floor of Lalithamahal, Mysore.

10. *Last date and time of receiving the tender.*—16th December 1939, at 3 P.M.

11. *Last date and time for opening the tender in public.*—16th December 1939, at 4 P.M.

12. A period of eight weeks from the date of acceptance of tender will be allowed for the completion of the work in all respects. If the installation is not handed over to the Department with service on the due date, the Department will arrange to take charge of the installation at whatever stage it might be and arrange for completion of the work through any other agency, at the risk of the tenderer.

13. The firm executing the work should arrange while handing over the installation to this Department to pass a certificate of guarantee for the continuance of satisfactory service to the installation for a period of 12 calendar months from the date of handing over charge to this Department while uninterrupted power supply is maintained. Further, it will be obligatory on the part of the firm to attend to any defects in the installation that might crop up during the above period without any return for service rendered.

14. *Details of work.*—The quantities given in the annexed statement are not guaranteed and are subject to variation at the time of executing the work.
